- ( EXECUTIVE SUMMARY ) ----

A staffer from Rep David McIntosh (R-IN) district office called asking whether CIA had a packet of unclassified Kennedy assassination material we could send to the Congressman's district office. I told him that under the 1992 law bearing on the Kennedy records, all declassified material was being turned over to the National Archives (NARA.) I advised him to contact the Archives, but suggested to him that the material consisted of a large collection of documents rather than some book or compilation that could be easily sent to him. (U)
